

## **Equipment Loan Program and Contracts**

SSS equipment is available for loan on a short-term basis with the exception of calculators and flash drives which are loaned on a semester basis. SSS participants must sign and follow SSS contract requirements in order to participate in the equipment loan program. Students are responsible for loaned equipment until its return to the SSS office with proper paperwork requirements completed. If equipment is not returned on the due date, the students account could be flagged until the equipment is returned.
